Levi B. Porter

Software engineer passionate about collaborating with talented teams to build unique user experiences.

Relevant Experience

Software Development Engineer
Amazon Web Services
March 2109 - February 2022

- Replaced the microservice used for displaying marketing content on sign-in pages with an improved service reducing DevOps time by 30 hours per year.
- Designed and developed a system to migrate millions of AWS Root accounts from a legacy identity stack to a new stack with better security features. AWS Step Functions was used to build a reliable and scalable service that handled the migration without negative customer impact.
- Improved the multifactor authentication sign-in experience by implementing changes to UX resulting in a decrease of customer support requests.
- Handled customer support requests and responded to more than 50 service incidents during on-call rotation.

Software Development Consultant
Extreme Arts + Sciences & Others
April 2018 - March 2019

- Developed and tested banner ads for DoubleClick and other ad platforms resulting in a 20% increase in engagement for the client. The ads were built using HTML, CSS, Javascript, and the GreenSock animation library.
- Built web applications for event marketing, healthcare products, and a political technology startup utilizing React.
- Migrated client applications over to AWS for hosting infrastructure.

Other Experience

Digital Marketing Account Coordinator
Becker Communications, Inc.
October 2016 - November 2017

Operations Specialist Second Class
U.S. Coast Guard
October 2006 - October 2014
